

Giancarlo Helar Morón Correa, Ph.D.

✉ gmoron@azti.es

🌐 <https://giancarlomcorrea.netlify.app/>

Research interests

Stock assessment models, community ecology, statistical modeling, fisheries management
spatial ecology, individual-based models.

Education

- 2018 – 2022 **Ph.D., Ocean, Earth, and Atmospheric Sciences.** Oregon State University.
Thesis title: *Incorporating the impacts of Climate Variability on Growth in Fish Population Dynamics Models*
Minor: *Statistics*
- 2015 – 2017 **M.Sc. (c) Applied Mathematics.** San Marcos National University.
Thesis title: *A functional approach to study cohort spatial distribution of the Peruvian anchovy (Engraulis ringens)*
- 2009 – 2013 **B.Sc. Biological Sciences.** San Marcos National University.
Thesis title: *Spatio-temporal analysis of the epipelagic biodiversity in the Peruvian sea*

Employment History

- 2023 – present **Researcher.** AZTI.
Research in assessment models applied to tuna stocks in the North Atlantic and Indian Ocean.
Supervisor: Dr. Josu Santiago
- 2022 – 2023 **Postdoctoral Researcher.** University of Washington.
Research in state-space assessment models. Expand the features of the Woods Hole Assessment Model to include size-specific data and model time-variability in somatic growth.
Supervisor: Dr. Andre E. Punt, Dr. Cole Monnahan, Msc. Jane Sullivan
- 2018 – 2022 **Graduate Research Assistant.** Oregon State University.
Population dynamics of the Pacific cod in the eastern Bering Sea using stock assessment models and individual-based models.
Supervisor: Dr. Lorenzo Ciannelli
- 2014 – 2018 **Researcher.** Marine Institute of Peru.
Population dynamics and stock assessment of small pelagic fishes, especially the Peruvian anchovy.
Supervisor: Msc. Erich Diaz

Teaching Experience

- 2020 – present **Quantitative ecology.** Cousteau Consultant Group.
Main instructor in several courses in statistical modeling applied to marine ecology. Population dynamics models.
- 2020 **Data Fisheries Oceanography.** Oregon State University.
Teaching Assistant. Statistical methods using oceanographic data.

Teaching Experience (continued)

2017 – 2018 **Biomathematics.** San Marcos National University.
Lectures on species competition and predator-prey dynamics

Oral Presentations

- 2023 **ICES Annual Science Conference**
Best practices for modelling time-varying growth in state-space stock assessments.
- 2022 **Think Tank - University of Washington**
Responding to climate-driven changes in growth in the modern stock assessment models.
- Good Practices in Stock Assessment Modeling - CAPAM**
Accounting for temporal variability in somatic growth improves state-space assessment model for walleye pollock in the Gulf of Alaska.
- 5th International Symposium on the Ocean in a High CO₂ World.**
Modeling the multiple action pathways of projected climate change on the Pacific cod (*Gadus macrocephalus*) early life stages.
- ESSAS Annual Meeting.**
Modeling the multiple action pathways of projected climate change on the Pacific cod (*Gadus macrocephalus*) early life stages.
- Ocean Sciences Meeting.**
Modeling the Multiple Action Pathways of the effects of climate change on the Pacific cod (*Gadus macrocephalus*) larval growth and survival.
- 2021 **World Fisheries Congress.**
Accounting for spatial and temporal variability in somatic growth improves age composition and stock assessment estimates.
- 2020 **UW: Quantitative Seminar Series.**
Impacts of temporal and spatial variability in somatic growth on fish stock assessment models.
- Ocean Sciences Meeting.**
Accounting for spatiotemporal variability in somatic growth in age composition data estimation for stock assessment models.
- 2018 **PICES International Symposium: Understanding changes in transitional areas of the Pacific.**
Identifying biogeographical transition zones and nekton assemblages in the northern Humboldt Current System.
- 2017 **ICES/PICES International Symposium: Drivers of dynamics of small pelagic fish resources.**
Effects of ENSO phases on Peruvian anchovy aggregation patterns.

Skills

Languages	Spanish (native), English (advanced), Italian (intermediate)
Coding	R, Rmarkdown, \LaTeX , TMB, Java, ADMB
Web Dev	Shiny, Quarto, Markdown

Awards

- 2021 **Butler Family Scholarship**, Oregon State University.
